this title was first published 1983 a common method concern and argument underlie all of these essays the method is value critical the concern is with a more institutionally grounded understanding of why governments do what they do the argument is substantive dealing with concrete issues such as the claim for economic resources social protection and the organization of social services the canonical that is the conventional and normative view is thrown into question on the implicit assumption that things do not work as expected that there is inherently a difference between the text and the message

this book presents international experiences in urban network learning it is vital for cities to learn as it is necessary to constantly adapt and improve public performance and address complex challenges in a constantly changing environment it is therefore highly relevant to gain more insight into how cities can learn cities address problems and challenges in networks of co operation between existing and new actors such as state actors market players and civil society this book presents various learning environments and methods for urban network learning and aims to learn from experiences across the globe how does learning take place in these urban networks what factors and situations help or hinder these learning practices can we move from intuition to a strategy to improve urban network learning

service learning and social work education comprise an exciting yet underutilized partnership this book represents the first comprehensive overview of this active and empowering approach to learning in social work both educators and practitioners will discover conceptual and practical guidance for developing productive community based projects often envisioned as located at the midpoint on a continuum from volunteer work to internship service learning combines the opportunity to serve with the opportunity to learn it offers community agencies a chance to collaborate with academic colleagues to meet identified community needs frequently with an explicit social justice dimension the contributors illustrate how service learning facilitates students understanding and interacting with community members as partners not

clients service learning encourages students to use critical thinking skills to reflect on their work and its implications this combination of study action reflection in conjunction with course content is highly effective the book explores its subject from several perspectives the first section serves as a conceptual and theoretical orientation to service learning in social work the second section offers models that illustrate many ways of implementing service learning across the components of the social work curriculum the final two parts of the book focus on evaluation and service learning in the broader context of civic engagement

cd rom contains case studies

this comprehensive volume presents international perspectives on critical issues impacting teaching and learning in a diverse range of higher education environments

policies play a pivotal role in shaping literacy outcomes by setting educational standards allocating resources and defining instructional methodologies that influence how literacy is taught and assessed across different educational contexts however the dynamic nature of society necessitates the constant revisitation of these policies to adapt to evolving technological advancements cultural shifts and emerging pedagogical research without such continual reassessment policies risk becoming outdated and ineffective in addressing contemporary literacy challenges furthermore integrating the perspectives of various policy actors can lead to more comprehensive and effective literacy policies by embracing this inclusive approach to policy development and revision education systems can enhance their ability to support diverse learning needs and improve overall literacy skills for all students literacy policies for equity and inclusion investigates the growing debates and pressing issues surrounding the re creation implementation and evaluation of various literacy policies it explores the perspectives and experiences of different stakeholders regarding existing literacy policies effective policies for addressing or mitigating literacy disparities in different environments and how new or revised literacy policies can be effectively integrated into educational systems to produce tangible improvements covering topics such as gender sensitivity discipline literacy and 19th century english literature this book is an excellent resource for educators school administrators policymakers social justice advocates professionals researchers scholars academicians and more

when the objectives of public policy programmes have been formulated and decided upon implementation seems just a matter of following instructions however it is underway to the realization of those objectives that public policies get their final substance and form crucial is what happens in and around the encounter between public officials and individual citizens at the street level of government bureaucracy this research handbook addresses the state of the art while providing a systematic exploration of the theoretical and methodological issues

apparent in the study of street level bureaucracy and how to deal with them
