music theory through musical theatre takes a new and powerful approach to music theory written specifically for students in music theatre programs it offers music theory by way of musical theatre not a traditional music theory text music theory through musical theatre tackles the theoretical foundations of musical theatre and musical theatre literature with an emphasis on what students will need to master in preparation for a professional career as a performer veteran music theatre musician john franceschina brings his years of experience to bear in a book that offers musical theatre educators an important tool in equipping students with what is perhaps the most important element of being a performer the ability to understand the language of music in the larger dramatic context to which it contributes the book uses examples exclusively from music theater repertoire drawing from well known and more obscure shows and songs musical sight reading is consistently at the forefront of the lessons teaching students to internalize notated music quickly and accurately a particularly necessary skill in a world where songs can be added between performances franceschina consistently links the concepts of music theory and vocal coaching showing students how identifying the musical structure of and gestures within a piece leads to better use of their time with vocal coaches and ultimately enables better dramatic choices combining formal theory with practical exercises music theory through musical theatre will be a lifelong resource for students in musical theatre courses dog eared and shelved beside other professional resource volumes

conductors john yaffé and david daniels have created a one stop sourcebook for orchestras opera companies conductors and librarians who research and or prepare programs of vocal excerpts such as solos ensembles and choruses for concert performance in this book readers will find detailed information on a vast repertoire of vocal pieces commonly extracted from operas operettas musicals and oratorios more than 1 750 excerpts from 450 parent works modeled on daniels orchestral music arias ensembles choruses includes basic historical details about each parent work as well as extract titles subtitles voice types keys durations locations in the original work with page numbers in both full scores and piano vocal scores and exact instrumentation it also lists the publishers that make available the orchestral materials for just the excerpt being programmed independent of the full parent work until now conductors and orchestra librarians commonly had to first leaf through full scores searching for one elusive three minute aria after

another only to then consult multiple publishers catalogues to compile crucial information on all the excerpts proposed for a concert or recording this book constitutes a single source for finding that information in many cases the individual entries include valuable insider information on common performance practice including start and stop points transpositions and conventional cuts searching for repertoire is made easy with the detailed title index and appendixes devoted to ensemble excerpts all categorized by personnel e g duets trios quartets quintets sextets choruses and language czech english french german italian latin russian this book is the ideal tool for the working conductor and orchestral librarian as well as music program directors at colleges and conservatories opera companies and symphony orchestras as of october 2015 a new printing of this book has occurred to correct errors in the index a pdf version of the new index is available to previous purchasers of the volume please contact rowman littlefield s music editor for assistance

from the perennially young precocious figure of little orphan annie to the physical and vocal ageing of the eighteenth century castrato interlinked cultural constructions of age and gender are central to the historical and contemporary depiction of creative activity and its audiences gender age and musical creativity takes an interdisciplinary approach to issues of identity and its representation examining intersections of age and gender in relation to music and musicians across a wide range of periods places and genres including female patronage in renaissance italy the working class brass band tradition of northern england twentieth century jazz and popular music cultures and the contemporary new music scene drawing together the work of musicologists and practitioners the collection offers new ways in which to conceptualise the complex links between age and gender in both individual and collective practice and their reception essays explore juvenilia and late style in composition and performance the role of public and private institutions in fostering and sustaining creative activity throughout the course of musical careers and the ways in which genres and scenes themselves age over time

one of the classic broadway musicals is annie featuring the music of charles strouse in this jeff funk choral showcase songs are woven together to relive the magical moments from this spectacular show includes annie i don t need anything but you it s a hard knock life maybe tomorrow and you re never fully dressed without a smile

this guide identifies the location of synopses of over 11 000 titles by more than 4 000 composers in addition to operas operettas and musical comedies the supplement indexes ballets oratorios minstrel shows and several non western forms including kabuki beijing opera and chinese plays

lists 7 000 recordings and 3 000 printed scores coded for different levels of collecting

the selections are presented in their authentic settings excerpted from the original vocal scores

includes directory of licensing agents and music publishers
