the remarkable story of how the allies used psychoanalysis to delve into the motivations of the nazi leadership and to explore the mass psychology of fascism

in this book weikart helps unlock the mystery of hitler s evil by vividly demonstrating the surprising conclusion that hitler s immorality flowed from a coherent ethic hitler was inspired by evolutionary ethics to pursue the utopian project of biologically improving the human race

the sunday times bestseller i will recommend it to everyone alastair campbell world renowned historian laurence rees lays out a past that is also eerily a cautionary tale for our future if we are not careful anthony scaramucci there are lots of moments when you can t help but have a shudder through the spine a

really novel interesting book lewis goodall the news agents podcast how could the nazis have committed the crimes they did why did they willingly often enthusiastically oversee mass murder how did ordinary germans tolerate the removal of jewish people and how do we ensure it never happens again bestselling author laurence rees combines history and the latest psychological research to help answer the most perplexing questions surrounding the holocaust and the nazi state through the lens of twelve warnings from talk about them and us to the escalation of racism rees delves into the darkness to explain how and why people were capable of such horrors using previously unpublished testimony from former nazis and cutting edge psychological discoveries the nazi mind is a revelatory new way of understanding the most appalling crimes of the 20th century that highlights the warning signs we need to look out for in leaders today a brilliant piece of work learned compelling and frankly terrifying james holland daily telegraph a superb complex study christopher hart daily mail enthralling and chilling compulsive reading robert mccrum independent

part of the new approaches to sociology series race ethnicity society expands on tina patel s acclaimed book race and society offering a thoughtful and critically engaging exploration of some of the key issues around race and ethnicity in contemporary society this book provides a nuanced and impactful perspective for students studying sociology with a progressive approach that emphasises the social construction of race issues within a post racial era moving away from essentialist and polarized explanations of raced interaction this book introduces the main concepts and key theories including their post developments includes dedicated chapters on theorizing race and historical context focuses on the processes and impact of racial categorisation in contemporary society covers contemporary discussions related to blacklivesmatter and the covid 19 pandemic race ethnicity society is packed with topical examples and international case studies to engage students along with chapter summaries study questions and further reading it s a highly readable and thought provoking guide to the study of race ethnicity and society for students of sociology criminology and related disciplines dr tina g patel is a senior lecturer in criminology at the university of salford

this eye opening book highlights the role of elites in constructing systems of persecution and extermination during the holocaust being highly educated or living within a certain social class doesn t prevent us from being lured into destructive systems especially when they operate to our benefit the perception that the holocaust was largely a crime carried out by ill educated thugs acting on nationalistic hysteria and xenophobic prejudice is a myth leaders from many

sectors of society including industry science and religion came to support and enable the nazi government often due to the ways in which they were able to profit and benefit from the policies of persecution and genocide with both a social science and historical approach lethal elites highlights and assesses the ways in which the influence training and expertise of the most powerful and best educated were used in service to the genocidal agenda of the national socialist regime

what was known and understood about the nature of the nazi dictatorship in britain prior to war in 1939 how was nazism viewed by those outside of germany the british press and nazi germany considers these questions through the lens of the british press until now studies that centre on british press attitudes to nazi germany have concentrated on issues of foreign policy the focus of this book is quite different in using material that has largely been neglected kylie galbraith examines what the british press reported about life inside the nazi dictatorship in doing so the book imparts important insights into what was known and understood about the nazi revolution and because the overwhelming proportion of the british public s only means of news was the press this volume shows what people in britain could have known about the nazi dictatorship it reveals what the british people were being told about the regime specifically the destruction of weimar democracy the ruthless persecution of minorities the suppression of the churches and the violent factional infighting within nazism itself this pathbreaking examination of the british press coverage of nazism in the 1930s greatly enhances our knowledge of the fascist regime with which the british government was attempting to reach agreement at the time

the first study based on a large national sample of both urban and rural districts examines the nazi constituency how it was formed from which social groups under what conditions and with what promises using advanced statistical techniques to analyze each national election of the weimar era childrens offers a new and challenging interpretation of who voted for hitler s nsdap and why he also provides a systematic examination of nazi campaign strategy

wulf kansteiner shows that the interpretations of germany s past proposed by historians politicians and television makers reflect political and generational divisions and an extraordinary concern for germany s perception abroad

the rothmans both highly respected historians at columbia university s college of physicians and surgeons show readers what the pursuit of biological perfection through drugs and hormones means to consumers

this is the first full scale biography of karl brandt one of the most powerful figures of

the third reich it tells the story of his rise to power and influence at the heart of hitler s coterie of trusted advisors and confidants it also tells of his exe

usually given short shrift in most histories of world war ii hitler s invasion of poland was more than a series of opening salvos it was a testing ground for german brutalities to come this is a comprehensive study of the campaign including insights into its ideological underpinnings

this text is a brief yet comprehensive survey of the third reich based on current research findings and it is written for students and general readers who want a deeper understanding of this period in german history it provides a balanced approach in examining hitler s role in the history of the third reich and includes coverage of the economic social and political forces that made the rise and growth of nazism possible the institutional cultural and social life of the third reich the second world war and the holocaust hallmark features an in depth portrait of adolf hitler the man and the leader coverage includes the influences on his early development his character traits his oratorical skills his messianic pretensions and an analysis of his ideology based on quotations from his writings and speeches a thorough examination of the holocaust includes coverage of anti semitism in germany hitler s personal racial ideology and vision of aryan purity the mechanisms of terror and control and the machinery of the final solution the jewish perspective is woven throughout this coverage engaging coverage of the following topics anti jewish policies and the involvement of ordinary germans in the holocaust the political scene in weimar germany the role of gregor strasser in rebuilding the nazi party walter darré and blood and soil the internal consolidation of power party state relations early nazi economic policy the ss and the military between 1933 1939 provides the most up to date research pedagogical features student pedagogy includes maps photos bibliographies and suggestions for further reading david redles associate professor of history at cuyahoga community college contributed his expertise to the latest revision by revising and updating the text in accordance with the most recent scholarship in the field coverage of world war i has been reorganized to improve flow includes a substantial amount of new coverage of cultur
